

Memorandum

Date: June 7, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Agenda Item No. 8(F)(3)

Subject: Recommendation for Approval of a Legacy Purchase under Contract No. BW8255-2/12, CA IDMS Software Licensing and Maintenance Support Services

Recommendation

It is recommended that the Board of County Commissioners (Board) approve this request for a legacy purchase under *Contract No. BW8255-2/12, CA IDMS Software Licensing and Maintenance Support Services*, for the Information Technology Department. Approval of a legacy purchase is being requested, pursuant to Section 2-8.1(b)(2) of the Miami-Dade County Code, to authorize extension of the contract term for three (3) additional years and increase expenditure authority by \$4.8 million, to obtain ongoing maintenance and support services for the Integrated Database Management System (IDMS).

The IDMS supports the relational databases and mainframe systems used across multiple County departments. The IDMS provides automated monitoring of database application systems as well as integration between the various systems. The Information Technology Department uses the IDMS functionality to support numerous core County mainframe systems and applications that run approximately 36 million transactions annually, including traffic citations, fine collections, permitting, inspections, payroll, tax assessment and collection, automobile tags, and occupational licenses.

Prior negotiations established a flat annual fee for the services. For the extension period, negotiations resulted in a continuation of the current flat fee in the contract for the duration of the three-year extension period, with no pricing increase. This affords the County a cost avoidance of over \$1.7 million when compared to the vendor's prevailing rates for the services. The total cost avoidance resulting from negotiations over the life of the contract is estimated to be \$4.5 million.

No other vendor is capable of delivering the required licensing, maintenance, and support services. The increase in allocation will cover the services for an additional three-year period. Based on the County's current environment, a technology migration to a different provider's product would cost in excess of \$60 million and take several years to complete. It is in the County's best interest to continue to operate this system and award this legacy purchase.

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

The contract has been in place for nine (9) years, which includes two (2) three-year extension periods approved by the Board, and expires on June 30, 2016. The contract has a current allocation of \$14,700,000. If this request is approved, the contract will have a modified value of \$4,800,000 and an expiration date of June 30, 2019. The additional allocation requested is based on the estimated need during the three-year term.

Department	Existing Allocation	Additional Allocation Requested	Modified Allocation	Funding Source	Contract Manager
Information Technology	\$14,700,000	\$4,800,000	\$19,500,000	Internal Service Funds	Julian Manduley
Total	\$14,700,000	\$4,800,000	\$19,500,000		

Track Record/Monitor

Brad Skinner of the Internal Services Department is the Procurement Contracting Officer.

Delegated Authority

The County Mayor or County Mayor's designee will have the authority to exercise all provisions of the contract pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38.
